## William Jennings Speaker at Kiwanis Meeting

William Jennings, assistant Juvenile Probation officer addressed the Kiwanis club Tuesday on "Juvenile Delinquency in War Time."

He noted that juveniles are becoming adults at an earlier age now due to the responsibilities thrust upon them through war conditions.

Investigations have shown that 95 per cent of juvenile trouble originates in the homes and he recommends school courses for the education of parents in understanding and dealing with youth problems.

He spoke of homes where both parents work as "broken homes" in regards to younger children. Nursery schools are advised for children under six years, in such homes, and he suggested a neighborhood system of supervision of children from 6 to 13 years of age.

Conditions about the age group 14 to 17 years are decried as it is possible for them to buy intoxicating drinks, in spite of laws.

Juvenile cases from Campbell were reported as less than within very recent years. (However, we are adding from information of local leaders and officers, that juvenile delinquency and rowdyism are still serious problems here as elsewhere.)

Constable Ethan Lanphear introduced his fellow officer.

Miss Jane Gerrans entertained with a saxophone solo, accompanied by Miss Nina Page.

Next week Sewell Brown will explain the "Processing and Distributing of Fruit Pits," and Mark Purmort will preside as chairman.

## Mrs. B. T. Morgan Given Shower

Mrs. Charles Simonds and Mrs. F. A. Jacobson were recent hostesses at a pink and blue shower for Mrs. B. T. Morgan, held at the Simonds' home.

Beautifully arranged white gladioli and blue delphiniums with dainty place cards decorated the tables.

Guests at the party were Mesdames W. H. Van Dyke, Herbert Hudson, Kenneth Dwelley, Georgene Kidward, Kenneth McDonell, Anthony Jurras, Charles Reynolds, Sue Boyce, Frank Lopes, William Devitt, G. E. Jeffers, David Ribble and the guest of honor.

The executive board of the Sigma Sigma club will meet at the home of Miss Helen Stray on North Second street Monday, June 14 at 7:30 in the evening. Members please attend.

Born: To Mr. and Mrs. John K. Yearwood of Campbell, a boy, John Knox, on June 2 at the San Jose hospital.

Mr. and Mrs. Milton Herold and family were visiting friends in Palo Alto Sunday.

## Odd Fellows To Entertain Ada Rebekahs

The Morning Light Lodge of Campbell is planning a 6:30 supper Tuesday June 15 at the Odd Fellows hall, for the members of Ada Rebekah Lodge, followed by a program.

Those serving on the committees are Julius Bachman, Gene Hodges and Jack Murdock for the Odd Fellows, and Bonnie Silberbauer, Anna Bachman, Arlene Murdock and Grace Gardner for the Rebekahs.

The Rebekah Lodge will convene immediately after the dinner and program. All members of Morning Light Lodge and Ada Rebekah Lodge are cordially invited.

## Mrs. Hudson Honored At Party Thursday

Mrs. Herbert Hudson was honor guest at an 11:30 o'clock brunch last Thursday given by Mrs. Frank Jacobson at her home on Hamilton avenue.

Gladioli in shares of red and pink were the floral decorations.

Mrs. Hudson was presented with a going away gift, as she plans to leave for Monterey to be near her husband.

The guests for the occasion were Mesdames Hudson, T. G. Hambleton, Charles Reynolds, Sue Boyce, Kenneth Dwelley, Ira Abbott, W. H. Van Dyke, Kenneth McDonell, B. T. Morgan and Charles Simonds.

## Sixth District PTA Holds School of Instruction

The sixth district P.-T. A. met for a school of instruction at Schofield hall of the Y. W. C. A. in San Jose on Monday, June 7.

El Paradiso council acted as the hostess chapter with Mrs. W. F. Grattan as chairman.

Mrs. B. D. Ralston, state chairman of rural extension, gave an address in the morning session and Mrs. P. D. Bevil, state historian, addressed the group on the state congress theme of "Allegiance to America through Service to Youth."

Local officers of the High School P.-T. A. unit attending were Mrs. H. F. Cousins, Mrs. W. F. Grattan, Mrs. Clarence Fagalde and Mrs. A. C. Currie.

A marriage license was issued last week to Joseph H. Hinson, 28, and Dorothy A. Bridges, 19, both of Campbell.

Miss Giacoma Catalano of Campbell, a native of Italy, was admitted to citizenship Monday in the naturalization court of Superior Judge William F. James and on Tuesday, Cesero Stefanini, Hamilton avenue and Munzio Lauretto, 80 West Campbell avenue, both of Italy, were successful candidates.

## YOUTH — AND THE FUTURE

Never in history has there been a soft, safe and comfortable world for young men and women, leaving school days behind, to graduate into. There is no reason to think the future will bring any such world. And there is no honest reason to desire it, for softness begets softness, just as strong opposition breeds strong character.

The older brothers of this year's graduates emerged from school into a world of depression; today they are working and fighting heroically for Uncle Sam, calling on all the reserves of toughness and resourcefulness acquired in those bitter years. Their fathers and mothers weathered an earlier war, faced an equally chaotic world and did the best they could with it.

Current graduates must help to meet the challenge of a world to rebuild, a peace to be maintained. As history goes, it is not a new challenge—except to the generation which must meet it.

With the ink yet wet on their diplomas, this year's graduates will find no dearth of employment. Those who do not go into service of their country will find unquestionable opportunity to try out their wings on jobs of their own choosing. In the opinion of foremost industrialists they need not be concerned even at war's end that they will be "unwanted" economically, as in the depression years. "There is demand enough in sight," declared shipbuilder Henry J. Kaiser to Washington State college students, "to keep every productive force in America working to capacity for 25 years! And it took a war to teach us our own tremendous production ability."

No, the world that lies ahead for the young men and women now leaving school will not be a soft and easy one. But it will be live, energetic and challenging. It will demand leaders and it will demand men and women trained to think, to study, to plan, to execute, to work with their hands. It will pay premiums for work well done. And it will offer rewards still for truth, for justice and for tolerance, as in years past and those to come.

## FLAG DAY—1943

In the midst of the bitter battle of Attu, when Jap machine gun and mortar fire still made every unguarded movement by our troops a flirtation with death, a big American Flag suddenly appeared on a newly-won height, far removed from our base of supplies. The Flag was brought there by a soldier who repeatedly risked his life to get it there; who spent five hours, under constant fire of Jap snipers, climbing a mountain and down through a treacherous canyon, blanketed with deep snows, to carry the emblem of American freedom to a bit of United States soil just re-won from the enemy.

The troops who looked up at that Flag, as it was raised in Attu's icy blasts, had fought for three days without food. Many of them were suffering from frozen feet. Some of the wounded were lying on stretchers, waiting to be carried back to their hospital base. But there was no complaint from that little band of men that their standard bearer had brought the Flag, instead of packing in food or medical supplies. For that Flag, flying from a forlorn peak in fog-shrouded Attu, meant more than meat and drink; even more than morphine to bring relief from pain. To those American boys, who had just gone through days of hell for their country—and who still had other days of fighting and privation ahead—it was the symbol of all they were fighting for. And they cheered and slapped each other on the back as it was unfurled.

That's what the Flag means to boys in the service. There's hardly a man in Uncle Sam's forces, no matter how hardboiled he may pretend to be, who doesn't feel a lump in his throat and a fierce stir of pride in his country, when the colors go up. To them the Flag has new meaning. It's the banner they are willing to die for, but hope to live for; it stands for all that is best back home, for all the things they want to return to. And as we commemorate Flag Day, Monday, June 14, let's try to measure up to those boys we have in the service; those boys who are keeping the Flag flying!

## ONE MOMENT!

Just a moment, please! Before you go rushing off cityward to buy that new suit for Junior, don't forget that prosperity — which all of us want, work, and strive for—always begins at home.

To put it bluntly, every purchase away from home robs this community of just that added bit of prosperity, growth, and economic well-being.

For today, big city bargains lie right here in our midst—bargains in price, in style, in materials, and in variety. And lest we forget, it's our own merchants whose rent, whose payrolls, operating expenses and taxes, contribute to the upkeep of our schools, our roads, our government, and our local well-being. Remember these things next time you plan your shopping.

## Annual Club Picnic Held at Abbott Home

An impressive installation ceremony was held last Monday in the gardens of Mrs. I. R. Abbott at the annual picnic of the Country Woman's club.

Colorful beach umbrellas and awnings combined with the beautiful lawns to make an attractive setting for the affair which was arranged by the committee for the day, Mrs. R. E. Hanger, Mrs. A. W. Wellington and Mrs. G. E. Farley.

Mrs. Edna Smith conducted the installation of officers at which time Mrs. G. E. Jeffers turned over the gavel to the incoming president, Mrs. W. H. Van Dyke. Other members of the new board of directors are: First vice-president, Mrs. C. B. Field; second vice-president, Mrs. A. W. Wellington; treasurer, Mrs. C. E. Hancock; recording secretary, Mrs. Sue Boyce; corresponding secretary, Mrs. Lloyd Selig; parliamentarian, Mrs. George Jeffers; directors at large, Mrs. Charles Simonds and Mrs. J. C. Agostinho.

Mrs. Van Dyke read the reasons for the existence of women's clubs from "Handbook for Organization Leaders" by Sara Whitehurst.

Requests were made by Mrs. Ray Wood for Red Cross knitters and for snips for fracture pillows. Mrs. Monica Parr announced that blood donors are needed and those wishing to give blood may call her at Campbell 3420.

Mrs. J. C. Agostinho, in the absence of Mrs. E. L. Farnham, announced the need for workers in the surgical dressings classes. All of the club's war activities will continue through the summer.

Mrs. Agostinho, program chairman for 1943-1944, distributed the club program books. The theme for the coming year is "Through Victory A Lasting Peace" and a varied and timely program has been arranged by Mrs. Agostinho, Mrs. Monica Parr and Mrs. Frank Blair.

HELP US SPEED AMERICAN VICTORY!

Last year many thousands of patriotic people from all walks of life worked in canneries to help pack food for our armed forces, our allies, and ourselves here at home. This year, the job is bigger than ever and many more thousands of these emergency workers are needed.

So we, the cannery workers of California, are asking YOU to help.

We recognize that this is an emergency and that while you will be glad to help in this truly patriotic work, you may not wish to become a regular union member.

Our unions are patriotic, too. We want to make it as easy as possible for everyone to help in this vital activity. So we have arranged that

YOU DO NOT HAVE TO JOIN A UNION

to work in the canneries this summer. Of course, you can join if you wish. We'll be glad to have you as a member. The initiation fee is $5.00 and the dues are $1.50 a month. However, it is not necessary that you join. We have arranged to issue work certificates to all emergency workers. The fee for these is $2 for 30 days. When you have paid in $6.50 you can automatically become a regular union member, if you wish to do so, and you will have nothing further to pay except your regular dues.

Now you may ask why we charge any fee at all for these certificates. Here are the reasons:

Before our unions were organized and negotiated their agreements with the canners, women cannery workers were paid as little as 33-1/3c an hour. Men workers were paid as little as 35c to 45c an hour. There were no arrangements for overtime pay.

Now women are paid a minimum of 70c an hour, with time and a quarter after the first 8 hours and time and a half after 10 hours.

Men are paid a minimum of 85c to $1.15 an hour, with time and a half after 10 hours. Both men and women are paid double time after 12 hours.

These benefits were obtained through our efforts and at our expense. We feel that those who enjoy them should bear part of that expense. That's the fair way, the American way, and the right way.

So please come and help pack the food that is so vitally needed for victory. We assure you, you will be as welcome in any cannery as our regular union members are, and your help is URGENTLY NEEDED.

# "What can I do to help win the war?"

**This is a letter by a California housewife who spent part of last summer doing cannery work. We believe you will be interested in her reaction.**

M

Dear Sirs:

There must be enough canned California fruits and vegetables for our fighters in all parts of the world — and enough to prevent more severe rationing at home.

To put up the pack this summer, thousands of workers will be needed:

Women like my neighbors and me, even if we have never worked away from home before.

Our husbands, even if they can work only part time, after their regular jobs.

Our children (16 and over), during their vacations.

Our friends and acquaintances, to help share the work.

Put the story of the canners' need for help before the people of California and I am sure you will get the help required.

Mrs. Theodore Martens

## Help Can Food for our Fighting Men

***—this summer's most urgent war work***

We appeal to every patriotic Californian — men, women, boys and girls (16 or over) —to plan now to work in the local canning plants and help save America's crops. Work as long as you can — full-time preferably, part-time at least. The need is great, the canning season short. The crops must be canned when ready to provide enough canned foods for the Armed Forces.

## ☆ HERE ARE THE FACTS ABOUT CANNERY WORK ☆

**Who is needed.** Every man, woman, and every boy and girl, 16 or over. Boys and girls of 16 and 17 must have a "Work Permit" from their schools.

**When.** You can work full-time, part-time, or during your vacation. You will be doing a greater service in this emergency if you can work full-time. The peak season runs from the first of August through September, although workers are needed during the entire canning season up to November.

**Kind of work — women.** No jobs require experience or are difficult to learn. Women and girls work mainly on a piece-work basis, sorting, peeling or cutting fruits and vegetables. Some jobs, however, are straight-time.

**Men.** Men and boys operate machinery and do general cannery work, mostly on a straight-time basis.

**Hours.** On a normal straight-time basis: 10 hours per day for men; 8 hours per day for women. Overtime rates apply when over-time work is performed. Adequate relief periods provided. One-hour meal period follows each 5 hours of work.

**Pay.** Women employed at piece work, in a group, are guaranteed a weekly average earning, for the whole group, of 80 cents an hour. Better workers average more than 80 cents an hour. No piece-worker may receive less than 45 cents an hour for the hours worked in any one day. Straight-time jobs are paid on the basis of 70 cents an hour. If a woman is promoted to supervisory duties, her pay becomes 85 cents an hour. Men are paid 85 cents an hour for general cannery work. Higher pay for jobs requiring special skills or responsibility. Minimum rate for highest paid hourly work is $1.15 per hour. Boys and girls between 16 and 18 receive same rates of pay as adults.

**Transportation.** Cannery work is officially recognized as essential to the war effort. Local ration boards have authority to allot extra gasoline to cannery workers. Free parking lots at practically all canneries.

**Social Security Numbers.** If you intend working and do not have a Social Security card, go at once to the nearest postoffice and secure one. Time and trouble will be saved if this is done before going to work.

**How and when to sign up.** Register now at any cannery or at the local office of the U. S. Employment Service. If you do, you will help us greatly in determining how many workers are available. Trained interviewers will give you any additional information you may desire.

## "LIFE WITH FATHER" IN SAN JOSE JUNE 13

The beloved American comedy, "Life With Father," plays in the auditorium, San Jose, on next Sunday evening, June 13, beginning at eight-fifteen.

The play is full of hilarious episodes, starting with the all-red-headed family—father and mother and four sons. Clarence, Jr., so well played by Andy McCullough, has his adolescent love affair, while his roaring father tells him all about how to "handle women."

Percy Waram as the ranting father at the breakfast table, demanding "coffee fit to drink" stamps so hard with his foot that on one occasion in Chicago he broke his toe. Thereupon he took to beating on the plates with the silverware. But this ran into too much breakage, so he had to go back to stamping.

Anne Henderson as lovely Mary Skinner, with the sixteen year old Clarence, Jr., enacts "Love's Young Dream" to the immeasurable delight of the audience.

Mrs. Margaret E. Tibbitts, a sister of Mrs. Lydia Brooks of Campbell, passed away Sunday in Pasadena, and last rites were held yesterday afternoon in San Jose, with interment in Oak Hill Memorial Park.

## CAMP FIRE GIRLS

The Ikichaga Camp Fire group completed its year's activities Tuesday evening with a farewell party for their guardian, Miss Crank, who is leaving. A pot luck supper was held at the home of Mrs. J. J. Pardee.

Last week-end the group went on an over-night outing at the F. B. Smith ranch in Saratoga. The girls who went on the trip were Catherine Fuller, Lois Bohrman, Lois Smith, Jean Jensen, Joan Sanders, Jean Smith, Jean Currie, Betty Baker and guardian Miss Doris Smith.

## YMCA BOYS CAMP OPEN JUNE 22

The Y. M. C. A. will conduct a series of camping periods for boys from 10 to 16 years of age at the camp located on the San Lorenzo river three miles north of Boulder Creek.

The fee is $17 and $5 must accompany registration. The periods are June 22 to July 1; July 1 to 10; July 10 to 19. Register with San Jose or Palo Alto Y. M. C. A. or inquire for information.

Lion's Den Y camp for younger boys will open after the close of this Y camp on July 20.

## In Memory Of Harry C. Smith, June 15, 1937

Some men seek for fame or fortune,
Some for comforts of this life
Others search to find excitement,
Some find joy in causing strife.
Many work for world improvement,
But the one who counts will try
Just to be a friendly neighbor
To a soul that's passing by.

Just to give a cup of water,
Or a word to cause a smile,
Or some other kindly action,
Makes this journey well worth while.
And it helps one get in practice
For that home beyond the sky
Where we'll all be friendly neighbors
To the souls that live near by.

Duration-ize your Appliances with timely repair

YES, your Appliance Dealer's store is not so brimful today. Normally, at this season of the year, your appliance dealer would be proudly showing new models in ranges, refrigerators, water heaters, etc. That day must wait—until appliances are manufactured again—new, better, more plentiful.

Right now all appliance dealers who can have established appliance repair departments. They have no easy task with shortage of repair parts and skilled labor.

At the first sign of trouble with any of your appliances, call on one of these dealers who is making repairs. He will do his best to help you keep your present equipment running for the duration. Buy your lamps and lamp bulbs, your fuses and cords and plugs from him as you need them. And in the meantime buy War Bonds and build up a nest egg for Peace that will bring back the war-deferred comforts of America.
